

Mental Health Matchmakers is recruiting for a Therapist to join a dynamic team that supports young adults facing mental health challenges that often limit their independence. The ideal candidate is relationship-driven, values the power of connection, and is committed to fostering an environment that encourages security, exploration, and growth.

The Perks:

- Base salary between \$68-82K depending on experience
- Health, dental and vision insurance benefits
- Health Savings Account (HSA)
- 401(k)
- PTO
- Relocation reimbursement
- Tuition reimbursement

What you'll do:

- Reports to the Clinical Director.
- Provide weekly individual, family and group therapy
- Conduct mental health assessments and develop treatment plans that align with client goals
- Be an active and engaging member of the team that contributes a culture of support and growth
- Maintain accurate and up-to-date clinical records
- Be on call approximately every other 6 weeks for 7 days
- Provide crisis intervention support as need
- Respond to and read work communication in a timely manner

What you bring:

- Master's degree in a behavioral health field required.
- Associate level (AMHC) or independent clinical licensure (LCSW, LMHC, LPC) required.
- Knowledgeable and skilled in trauma informed approaches and practices
- Experienced in supporting neurodivergent clients
- Enjoys being outdoors, active lifestyle and community service.
- Is adventurous. Open to participating in skiing, mountain biking, hiking and getting out there and having a growth mindset

- Professional and healthy in managing their life and relationships
- Ability to see people for who they are, their potential, and where they can be
- Excellent at connecting and communicating with others, detail oriented, able to work independently and on a close team, takes radical ownership of role
- Values authenticity and participates in a work culture of honesty, open communication and feedback
